

# Test the commercial potential of your clean energy innovation.

Join us for a NEXUS-NY  
information session on  
Wednesday, November 5, 2014

Noon  
(lunch provided)

College of Nanoscale Science  
and Engineering  
CESTM Rotunda  
257 Fuller Rd  
Albany, NY 12203

## Offering clean energy scientists and emerging businesses the opportunity to commercialize their discoveries.

Meet Executive Director Doug Buerkle and learn how NEXUS-NY accelerates the commercialization of clean-energy innovations created by both university-based and independent researchers. NEXUS-NY is a five-year, \$5,000,000 initiative sponsored by NYSERDA.

[WWW.NEXUS-NY.ORG](http://WWW.NEXUS-NY.ORG)

- Learn how you can qualify for business support and prototyping grants
- Learn and implement “Lean Startup” methodology
- Receive assistance from experienced mentors
- NEXUS-NY in 2015 will award \$500,000 in proof-of-concept grants to clean energy research and innovation teams in New York.
